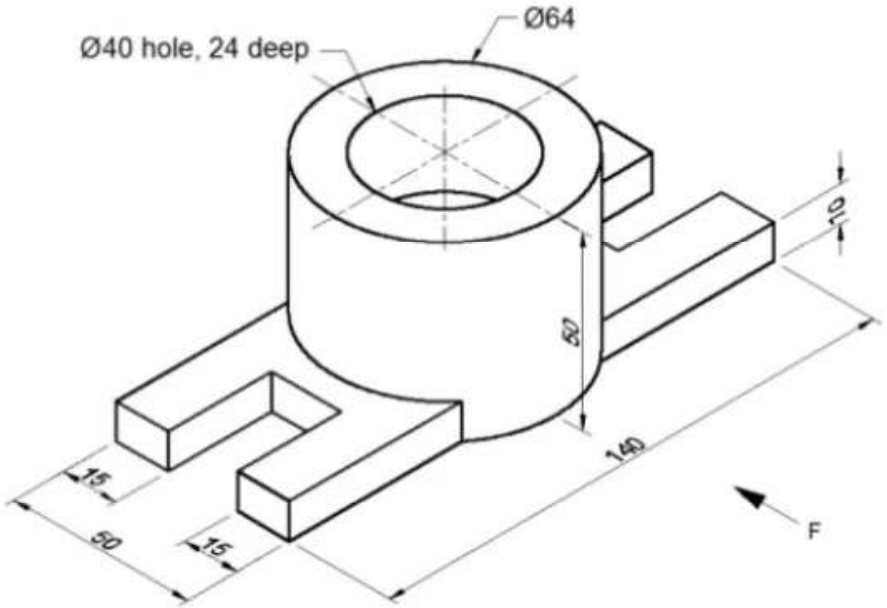
# PRELIMINARY ROUND
# ON-SITE DESIGN PROBLEM

## DESIGN PROBLEM

Using the isometric drawing below, create an orthographic (multi-view) drawing showing the FRONT, TOP, and RIGHT sides.

- The unit of the drawing is in millimeters
- Dimension the drawing in millimeters
- Create a title block with your ID#, date, and scale
- Title the drawing as “Base Part #055”

When you are finished, save the drawing on your hard drive and back up saved work on a USB flash drive.


Submit the USB drive that contains a copy of the solution in PDF format.
